OPENING:

Saturday, April 9th, 2011, 7pm

"ALT to the ALT" is an XXX-themed art event showcasing some of the well-respected movers and pornographers within the alt porn industry through their photography and art.

"ALT" is "Alternative". True to the saying, there is an Alternative to everything. The "alt" in adult cinema is an aesthetic difference that showcase the work of these pornographers as artists, rather than playing to the general public's stereotype of the adult industry. By pushing the boundaries of the artform, these artists bring forth the true ALT to the Alt.
